

2nd International River Summit

INDIA

Building a sustainable and resilient future through water
November 28-30, 2019

Join us as a River Summit Sponsorship Partner

The SDGs cover all aspects of sustainable development in all countries of the world, calling for peace and partnership, and highlight the importance of leaving no one behind.

The 2nd International River Summit 2019 focusses action on three major themes: Integrated Water Resource Management, Climate Change, and Food Security to secure sustainability and resilience. A wide range of experts, including scientists, technologists, educators, policy makers, non-government organizations, farmer's representatives and students will come together at River Summit to address some of the most critical challenges the world faces.

Partnership agreements of the River Water User Association (India) and International River-Basin Foundation with counterpart organizations will create an outstanding environment for the exchange of information and interaction among water professionals, leading to greater opportunities for improving all facets of water and river management. The inclusion of multidimensional fields in the Summit themes will support leadership development in water sector, and the interaction of a wide range of partnership organizations with various experts, scientists, students and policy makers will lead to better business opportunities and social networking.

The River Water User Association (India) and International River-Basin Foundation is offering partnership opportunities for national and international organizations, institutions, universities, research institutions and companies / industries and individuals. We have a wide range of opportunities for

2nd International River Summit

INDIA

Building a sustainable and resilient future through water
November 28-30, 2019

1. Knowledge Partners

It is observed from the feedback received from 1st International River Summit that National and International delegates give more value to interactive Sessions, Case Studies and Applied research. We are inviting partners with expertise in their own fields applicable to Integrated Water Management, Climate Change, Agriculture and Food Security. Sponsors having expertise in Engineering, Information Technology and Agriculture can find lot of innovation by coupling their fields to Key fields and may create an active mechanism for Action Research, Resource Mobilization, and Communication to enhance the Resilience, Conservation, and Protection and sustainable use of resources. The partners can organize the Sessions or Sponsor their Speakers relevant to their organizations visions and objectives and may describe their achievements and success in niche areas. The partners may discuss their findings with audience of varying backgrounds and may explore the opportunities for future collaborations.

1.1 Diamond Knowledge Partner

Organize a full technical session or support Session speakers.

- *Holding a one full Technical Session and sponsoring the national and international participants of the session. Fully supporting the participation of all speakers (Plenary, Keynote and invited speakers Knowledge (2+3+3)) for the session (includes registration, return flight, accommodation and per diem directly payable to participant, and a ticket to the conference dinner. Diamond Partners may also choose to sponsor their own speakers.*

OR

1.2 Gold Knowledge Partner

Fully supporting/sponsoring Plenary or Keynote Speakers

- *Fully supporting the participation of at least one International Plenary Speaker / Keynote speaker and three National Speakers (1+2+2). This includes registration, return flight, accommodation, per diem directly payable to participant and a ticket to the conference dinner. Gold Partners may also choose to sponsor their own speakers.*

OR

1.3 Silver Knowledge Partner

Supporting at least one International or two national invited speakers

- *Full support of one international invited speaker or three national invited speakers. (1+0+2). This includes registration, return flight/train, accommodation; and a ticket to conference dinner. Silver Partners may also choose to sponsor their own speakers.*

The Topics and issues to be discussed will be finalized by mutual consent.

2nd International River Summit

INDIA

Building a sustainable and resilient future through water
November 28-30, 2019

2. Program Partner

Your organization may sponsor any activity or logistic arrangement, lunch, field visits, one day specialized training, group registrations etc. Program Partners will be profiled through the Summit publicity on banners and conference kits, and may choose their own space in our networking area where they can interact with delegates and showcase organization's products or services

2.1 Diamond Program Partner

Sponsoring food arrangements for all participants over the three days of the Summit (includes one High tea; three lunch; four tea arrangements)

OR

2.2 Gold Program Partner

Sponsoring the Welcome dinner or Gala Dinner.

OR

2.3 Silver Program Partner

Sponsoring Summit kits, Mementos, Awards and logistic arrangements, Publication of Souvenir and Handouts.

Please contact us to propose issues and financial contributions.

3. Strategic Partners

Many pioneering national and international organizations are working with similar goals and objectives for sustainable development and management of natural resources. Such organizations which help to publicize the Summit, send representatives, support delegates from their country, include the outcomes of the Summit in their policy drafts, or extend support for the Summit in any form, will be invited to join as Strategic Partners.

The Summit provide an opportunity to representative of these organizations to deal with various Universities and organizations for establishing any possible research, Training and workshop, research and Industrial collaborations.

These partners will be invited partners by the Summit Committee.

Contact us to propose issues and financial contributions.
