### **Greenpro Natura Consultants Private Limited, India**

Greenpro Natura Consultants (opc) Private Limited is a Private(One Person Company) incorporated on 23 May 2017. It is classified as Non-govt company and is registered at Registrar of Companies, Delhi.

### **Our Living River, Australia**

The professionals of *Our Living River* in Perth Western Australia are promoting that a river is more than a surface of water for recreation or to use. In democracies rivers are less important than the land. Today, around the world, rivers are being recognized as *Living Rivers* – to have the rights of a human being and so may be represented in courts of law and defended from harm.

*Our Living River* seeks to involve the indigenous people as the traditional custodians in policy planning and decision making as required by the UN's Agenda 21 for conserving the planet's biodiversity.

### **Debris Flow Association, Russia**

Debris Flow Association is a professional society of scientists and practitioners which seeks to foster and support research of debris flows and other natural hazards, to elaborate methods for assessment and mitigation of impact produced by debris flows and for protection of human population.
