

2nd World Congress 2023 on Water, Agriculture and Climate
November 23-26, 2023. Prayagraj (U.P.) India.

Managing Risks and Disasters: Building Resilience for a Sustainable Future

International River Basin Foundation (WCPI)

Message from organizing chair

Dear Experts, Scientists and Potential participants,

Greetings to you from International. River Basin Foundation!

On behalf of the organizing committee, it is my distinct pleasure to extend a warm invitation to the upcoming World Congress on Water, Agriculture, and Climate, scheduled to take place on 23-26 November, 2023 at Prayagraj, India, virtually and in person.

As the Organizing Chair, I am thrilled to announce this exceptional event that aims to bring together experts, researchers, policymakers, practitioners, and stakeholders from around the globe to address the pressing challenges at the nexus of water, agriculture, and climate change.

The World Congress will serve as a platform for sharing groundbreaking research, innovative practices, and transformative ideas that can shape the future of sustainable water and agriculture management in the face of a changing climate. Our overarching goal is to foster collaboration and exchange knowledge to create solutions that will ensure food security, preserve water resources, and build climate resilience for communities worldwide.

The Congress themes will specially focus on SDG 2, SDG 6, SDG 11, SDG 13 and SDG 17, and will also include an International Meet on **Global Methane Partnership: Food and Agriculture Pathway.**

The key themes of the Congress include, but are not limited to:

Theme1: Understanding Risks and Disasters

Theme 2: Building Resilient Communities and Infrastructure

Theme 3: Disaster Preparedness and Response in Agriculture

Theme 4: Sustainable Agriculture and Resilient Food Systems

Theme 5: Stakeholder Engagement, Collaboration, Governance and Policy

We are actively inviting esteemed speakers to deliver keynote addresses, panel discussions, and technical sessions that will cover a wide array of topics related to water, agriculture, and climate.

Additionally, there will be ample opportunities for networking, interactive workshops, and poster presentations, allowing participants to engage deeply with the subject matter and build meaningful connections.

Your expertise and contributions in this field are highly regarded, and we would be honored to have you join us as a distinguished participant at the Congress. Your insights and experiences would undoubtedly enrich the discussions and contribute to the collective effort in finding viable solutions to the challenges we face.

To confirm your participation or to submit an abstract for presentation, kindly visit our event website <https://www.tribaf.org/worldcongress2023/> and complete the registration process. Should you require any further information or assistance, please do not hesitate to reach out to our dedicated event support team at Email: WorldCongressIndia@gmail.com WhatsApp: +91-9335354642

The World Congress on Water, Agriculture, and Climate promises to be a landmark event in our shared journey towards a sustainable and resilient future. Let us unite our efforts to create positive change for current and future generations.

Looking forward to welcoming you at the Congress.

Warm regards,

Rajendra Kumar Isaac
